

MQM USA Takes A Plunge Into The Silver Jubilee Celebrations; MQM Washington DC-Virginia Unit Proves To Be The Harbinger; MQM Atlanta Follows Closely!

New York, January 04, 2008; Media Cell, MQM USA: With the advent of the new year on completion of 25 years of the inception of MQM the Silver Jubilee Celebrations have kicked off already. MQM Virginia unit proves to be the harbinger. Closely following is MQM Atlanta unit. Virginia unit has already held three consecutive meetings in this regard and is in the lead. Their first pre-convention program was held on December 28, 2008. This event included the first ever Kids Program, which consisted of a question/answer session, comedy session, and games. The second event was a public program in which Care-taker MQM North America, Ibad Rehman, spoke about the development in Karachi and MQM's role in the national politics of Pakistan and about what MQM wants to implement all over Pakistan. The Central Organizer MQM USA Ajaz Siddiqui spoke about solidarity and MQM's vision to develop Pakistan. And among other speakers, Shaheen Sabeh Baji discussed the upcoming convention. And the third event held by MQM Virginia unit was also a public program which shed light on their preparations for the coming Silver Jubilee Convention. This event was highly successful and children as well as adults participated in the games and enjoyed the program.

Atlanta unit, not far behind Virginia, organized a successful "Kick-off Car Rally" last week. The car rally was led by MQM USA and MQM Atlanta office bearers among others. The event was attended by a large number of workers and supporters. All MQM units across the United States are working hard to prepare for this special event. We wish you all good luck!
