

Tsunami

*The deadly waves took the world to surprise
nobody expected disaster of this size.*

*Death came in that cruel way
perishing millions on this deadliest day.*

*Young, old and even the little ones
showed no mercy for mothers, daughters or sons.*

*By wiping out the entire land
it left survivors with nothing in hand.
As they dumped the bodies in mass graves
many survived due to the act of braves.*

*Now, it's time for us to play our part
by helping those with broken heart.
Our contribution of even a single penny
can save the lives of many.*
