

MQM USA MEMBERSHIP CAMPAIGN 2011-2012

Message From Central Organizer MQM USA Mr. Junaid Fahmi

Dear Workers/Supporters:

MQM USA is launching a membership and public relation campaign which will benefit the people of Pakistan by engaging the overseas Pakistanis in the political and social process in USA.

MQM is an ideological movement which is working against the atmosphere of oppression and tyranny in Pakistan. The feudal system of Pakistan has stopped the majority of becoming educated and from enjoying the basic needs of life and MQM is working against this system. MQM is a revolutionary party who has brought the middle class as representatives of middle class in the parliament from urban areas of Sind and the party will keep struggling till every part of the Pakistan sees the change. The condition of the region requires the peace and unity among the nation and MQM is working to bring everyone together on one platform. MQM believes on empowering those who are powerless in Pakistan.

MQM workers in Pakistan are not only sacrificing their desires and wishes but also their lives to spread the ideology of MQM and we should provide them moral support by spreading the ideology of MQM in rest of the world. We are fortunate to live in society where we can use advance technology and education to promote their hardship.

Regards,

Junaid Fahmi
