

MQM's Struggle For Justice Has Unnerved Jamat e Islami: Members National Assembly.

Just Like Karachi And Sindh, Jamat e Islami Will Be Politically Decimated in Punjab Soon.

Karachi, September 3, 2007: Members of National Assembly (MNA), belonging to Muttahida Quami Movement (MQM), while commenting on pointless statements from leaders of Jamat e Islami, have said that never-ending political defeats, in the hands of MQM, have unnerved Jamat e Islami and its leaders. They said that MQM's continued successes in the area of social justice, as well as exposure of Jamat e Islami's clandestine operations by MQM, was haunting them day and night.

The MNAs said that it was a well known fact that the Northern Bypass Bridge was constructed by National Logistic Cell (NLC) to which MQM did not even have a remote connection. But, the leaders of Jamat e Islami, by virtue of their habit, were compelled and accused Muttahida for this mishap too. They said that Jamat e Islami's mindless statements have become laughing stock for people, and, "people are openly inquiring when Jamat e Islami will hold Muttahida responsible for Tsunamis and Earthquakes?"

They further added, "in NWFP and Balochistan, Jamat e Islami has its own governments and both of these provinces are plagued by suicidal bomb attacks and bloodshed. Lives and properties are unsafe and both provinces are depicting the scene of Karbala." They said that it was very strange that instead of solving the problems of the people of NWFP and Balochistan, the leaders of Jamat e Islami were busy in making senseless statements in Karachi. They further warned the leaders of Jamat e Islami, "they need not to worry as the message of Muttahida has spread nationwide and very soon, just like Karachi and Sindh, Jamat e Islami will be wiped out of Punjab, and shortly thereafter, people of NWFP and Balochistan will also be exonerated from Jamat e Islami."
