

Only Those Movements Achieve Their Zenith Which Doesn't Forget Their Martyrs: Dr. Khalid Maqbool Siddiqui, In A Telephonic Conference Of Muttahida Quami Movement, USA

On October 31st, 2007, a telephonic conference was arranged by MQMUSA to commemorate the martyrs of October 31st. which was attended by all the office-bearers, and the workers of MQMUSA, and the members of the wings of MQMUSA. The meeting was opened by The Joint Organizer, MQMUSA, Mr. Farhat Khan, with the permission of The Central Organizer, Mr. Ajaz Siddiqui, and requested Dr. Khalid Maqbool Siddiqui, Nigran-e-Aala, MQM North America to apprise the workers of MQMUSA of the lesson and philosophy behind the incident of October 31st. which claimed lives of hundreds of workers of MQM at Sohrab Goth, during the MQM congregation at Pakka Qila, Hyderabad. Dr. Khalid Maqbool Siddiqui, in his address, said that the reason for the calamity of October 31st, can be drawn back to the trepidation, resulting from MQM Congregation on August 8th, 1986 at Nishter Park, Karachi, which was presumed, by the agencies, to be attended by, may be, a few thousands, turned out to be a congregation to the tune of hundred of thousands of MQM workers and supporters, and this very attendance of the congregation had dared in the eyes of the so-called ruling class and their mafia, the feudal lords and their agents, the establishment, and agencies. This magnanimous attendance in the MQM congregation became the pain of the hearts of establishment and feudal lords and a conspiracy was plotted for an ambush, specially on the leader of the movement, Mr. Altaf Hussain, and generally on the workers of MQM, and the first attack was instituted on that day of October 31st. and the dove of peace was reddened by the blood of MQM workers. He said that this was strange that MQM workers died and MQM workers and the leader of the movement were arrested. MQM lost the lives of its workers and MQM was also convicted in this incident. Dr. Khalid Maqbool Siddiqui said that this happens only in MQM that, in the congregation at Pakka Qila, around the stage, were lying dead bodies, and wounded workers of MQM, but people and workers of MQM were listening to the voice of their Leader with resolution, attention, and unanimity. They were listening to the voice, the echo of which is being heard not only in Pakistan, it has spread in all five continents of the world, which is going to be the harbinger of a revolution, and very soon will change the direction, and the trend of politics in Pakistan. This was the voice of the leader of the underprivileged, which, on October 31st, strengthened the morals of a disheartened and discouraged nation. At the end of the conference, Member, Central Organizing Committee, MQMUSA, Mr. Moeed Siddiqui administered the service for the martyrs of October 31st. and prayed to God for them. Mr. Moeed Siddiqui paid tribute and veneration to the martyrs of October 31st and said that this is always the blood of the martyrs which gives life to the movements. He prayed for MQM and the stability of Pakistan. He also prayed for the wellbeing, and the long life of the leader of the movement Mr. Altaf Hussain.
